

## Arms Delegates Go From General to Specific Problems

Negotiations Relating to Both Far East and Disarmament Move More Slowly

### Armies Big Topic

Action on This Phase Probably Will Be Hastened by Briand's Imminent Departure

(By The Associated Press)

Washington, Nov. 22.—The negotiations relating to both the far East and disarmament moved more slowly today as the attention of the arms delegates passed from general policies to specific details.

China's economic embassies formed the text of the far Eastern discussions, which resulted in the appointment of a sub-committee of representatives of nine nations to study the whole subject of administrative autonomy for the Chinese republic, with particular reference to tariff and tax restrictions.

The land armament problem also was considered at various informal conferences during the day, and a meeting of the armament committee of the whole was called for tomorrow with the expectation that Premier Briand of France would say a last word as to his country's attitude on reduction of armaments. It is understood that he is anxious to bring the question to a point of formal expression by the conference before his departure for France.

On the side of naval armament, informal exchanges continued between individual delegates, and naval experts with an air of growing confidence that details of the American plan, although requiring considerable time for determination, would eventually bring all the powers into agreement.

#### Land Armament Holds Interest

It is possible that the naval plan may receive some consideration at tomorrow's meeting of the five delegations which constitute the armament committee of the whole, but the greater attention is expected to center on land armament in view of the imminence of M. Briand's departure. It is the preservation of her army, with the moral backing of the principal powers, that most interests France at the present stage of the negotiations and it is known that M. Briand would be pleased to take back to France with him a formal expression of endorsement of the position he has taken against material reduction.

Whether the other delegations will be willing to go so far as to take formal action of that character just now is uncertain, although it is taken for granted that at tomorrow's meeting there will be many general expressions of appreciation for the reasons which impel France to maintain the largest army in the world.

Land, naval and far Eastern questions were talked over by Secretary Hughes today with the American advisory committee of 21 and after he had presented a report on the present status of the negotiations, a number of sub-committees were instructed to prepare reports for the American delegates on various subjects of detail. The submarine issue raised by Great Britain will be one of the questions thus investigated, and another whose inclusion was regarded as forecasting an entirely new angle of the negotiations, will be the use and legitimacy of new weapons of warfare. Thus far, that subject has not been mentioned in the conference proper.

#### May Fix New Chinese Tariff

The sub-committee of Chinese administrative autonomy, authorized to-day by the full party of delegates at the time of the sitting, said a committee of the whole on the far East, is expected to find its chief task in an attempted rearrangement of the customs regulations which, for many years, have kept China from imposing a duty of more than five per cent. on her imports.

These restrictions, the Chinese doctors have resulted in such a curtailment of national revenues as to make economic progress impossible. Since the conference began, the Chinese delegates have emphasized the tariff autonomy principle as one of the most important she wished to establish, and there are said to have been indications in today's discussions at the executive committee meeting that this view had met with much sympathy among the other delegations.

The sub-committee, whose membership is yet to be announced, was authorized at the suggestion of Senator Underwood of the American delegation. A former chairman of the house way and means committee and co-author of the existing tariff law, he is recognized as an authority on questions such as those with which the sub-committee will deal.

#### Root Resolution Adopted

The probable procedure of the conference with reference to Chinese and far Eastern and Pacific questions was forecast today in authoritative quarters. The Root resolution, adopted yesterday by the far Eastern committee of the whole, together with any adopted in the future, it was said, would be brought before a plenary session of the open conference for final discussion and adoption.

Adoption of the Root resolution by the committee, American officials said, was in itself a far step toward protection of China, even should it not be taken before a plenary session as planned. Publication of the Root resolution, as an expression of policy by the powers, was expected to carry with it a promise to the world for future action with respect to

## DEBS CASE NOW IN HARDING'S HANDS

Extension of Executive Clemency to War-Time Offenders Will Be Given Early Consideration

Washington, Nov. 22.—Extension of executive clemency to offenders against the war-time laws now serving prison sentences will be given early consideration by President Harding, it was said today at the White House. The subject was discussed at the cabinet meeting today and it was understood that a policy of leniency toward these offenders, where possible, was generally approved.

The President has asked the attorney general for a digest of each of these cases and Mr. Daugherty expects to have the history of the war law prisoners completed in two weeks.

Under the administration's policy, there would be no sweeping proclamation of amnesty, it was said officially, but each case would be considered on its merits separately, and military as well as civil offenders would be considered. However, the President is understood to view with disfavor the release of persons who advocated property destruction or industrial offenders, although particular attention would be given service men guilty of infractions of disciplinary regulations of more or less seriousness.

The question of freedom for Eugene V. Debs, Socialist leader, imprisoned at Atlanta, will be treated separately, Mr. Daugherty said, adding that recommendations to the President on the subject have been completed, although it was understood that there would be no possibility of action by Thanksgiving. Any affirmative action in the case, he said, would be either a pardon or a commutation, as Debs was not eligible for parole.

## PRISONERS JUMP FROM FAST TRAIN

Guard in Serious Condition After Being Attacked by Escaping Men

Plattsburg, Nov. 22.—Two prisoners, handcuffed and shackled together, overcame their guard and jumped from a swiftly moving train near Long Lake, Hamilton county, while being taken from Auburn to Dannemora prison, according to word received here from prison officials tonight. The prisoners, William Keiderer and Peter Pastelone, were in a serious condition. At a late hour tonight, no trace had been found of the men.

The escaped men are Gene Kirshner, serving a 17-year sentence for first degree robbery in Westchester county, and Peter Pastelone, serving a two-year sentence for robbery.

They were in a party of 14 prisoners guarded by four keepers from Dannemora prison. Kirshner and Pastelone, upon leaving the train, were said to have assaulted Keeper Keiderer, kicking him in the stomach and then, notwithstanding that the train was traveling nearly 50 miles an hour and they were handcuffed and shackled together, have jumped from the car.

The train was stopped as quickly as possible but the guards who hastened back could find no trace of the men in the dense woods which grow close to the tracks. State troopers and police all over the northern part of the state were notified of the escape.

## URGE SCHOOL BOARDS BE GIVEN FINANCIAL CONTROL

Buffalo, Nov. 22.—Legislation providing that school boards shall have control of the financial resources of the schools and shall otherwise be independent of city governments was urged in resolutions adopted at today's session of the 76th annual convention of the New York State Teachers' association. More than 1,000 teachers from all over the state were in attendance.

Congratulations were extended to President Harding and Secretary Hughes because of their strenuous efforts to bring about the end of the war, and to promote higher ideals of service and sacrifice.

Officers elected were: President, John A. DeCamp, Utica; Vice President, Charles C. Soren, Moores Forks; member of executive committee, Dr. Herbert S. West, Rochester and A. R. Colson, Albany.

Next year's meeting will be held in Syracuse.

## CARL WARREN CAPTAIN OF 1922 HAMILTON GRID TEAM

Clinton, Nov. 22.—Carl Warren, 23, full back, was today elected captain of the Hamilton college football team for 1922. Warren is also varsity pitcher.

## LOWELL RE-ELECTED HEAD OF THE NATIONAL GRANGE

Portland, Ore., Nov. 22.—Sherman J. Lowell of Fredonia, N. Y., was re-elected master today by the National Grange in annual session here.

Baltimore honors Foch. Baltimore, Nov. 22.—Baltimore paid its tribute to Marshal Foch this afternoon. Acclaimed by cheering thousands, the distinguished French military leader received all the honors it was possible to crowd into the brief time of his visit. Two universities—John Hopkins and Maryland—conferred the honorary degree of doctor of laws upon him, and Loyola college desired to do so but could not, for lack of time.

## ARBuckle's DEFENSE OPENS

Counsel Says He Will Prove Actor Was in Room With Girl But Ten Minutes

### FINGER PRINTS UP

Prosecution Witness Testifies They Were Made by Arbuckle and His "Victim"

San Francisco, Nov. 22.—After the prosecution had closed its case late today in the manslaughter trial of Roscoe C. (Fatty) Arbuckle, after reserving the right to introduce further testimony tomorrow, V. Gavin McNab, chief counsel for the defense, made the opening statement for Arbuckle.

"We will prove that Arbuckle was not in the hotel room more than ten minutes with Miss Virginia Rappe," McNab said. Arbuckle is accused of having inflicted fatal injuries on Miss Rappe in his hotel rooms September 5.

George Glennon, house detective of the hotel, was the first witness called by the defense. The court ruled out McNab's attempts to have the witness detail a conversation he had with Miss Rappe during her alleged injuries at Arbuckle's hands. Before the trial, the defense announced that Glennon had made a statement to the district attorney in which he said Miss Rappe had exonerated Arbuckle.

Glennon was excused from the stand following the court's ruling.

Hotel Maid Testifies. Kate Brennan, a maid at the hotel, followed Glennon and testified that she dusted off the two doors introduced by the prosecution for finger print evidence, some time after the finger prints were supposed to have been made by Arbuckle and Miss Rappe. The defense endeavored to prove that in the dusting process she rubbed out the finger prints. Miss Lois Lancashire, a guest at the hotel, during the trial said she was near the rooms and heard and saw nothing.

More general interest was evidenced in the trial today than on any day since it began. Crowds thronged the court rooms and the adjoining corridors, or waited outside to obtain a glimpse of the principals.

At Semmachers, manager for Miss Rappe, and Josephine Keza chambermaid, told of the party in the hotel in which Miss Rappe is said to have been fatally injured.

Miss Keza testified that while in a hallway she heard a woman's voice scream, "No! No! No!" while the party was in progress, and a man's voice answered, "Shut up."

A statement made by the witness to the district attorney was read into the record by the defense. The statement told of the invitation by telephone to Miss Rappe to attend the party. Fred Fischbach, friend of Arbuckle, did the telephoning, the statement said. Miss Keza was cleaning the rooms, the statement explained.

Heard Screams in Room.

Later, the statement continued, Miss Keza heard a girl crying and much music and shouting. She listened at the door of Arbuckle's room and heard the girl's cries coming from that room while other members of the party were in it, the statement detailed.

Chief Counsel McNab said in his opening statement that the room in which Arbuckle was alleged to have locked himself and Miss Rappe at the time of the supposed attack, was open at all times. The window shades were up at all times also, said, and the interior of the room was therefore in full view of other hotel guests.

The last prosecution witness today was Prof. E. O. Heinrich, consulting criminologist of the University of California, who identified finger prints found on two of the hotel doors as those of Miss Rappe and Arbuckle. The doors were brought into court and photographs of the finger prints were produced by Heinrich.

The imprint of one female hand was surrounded by the imprint of a male hand, Heinrich testified. The prints on the doors were those of Virginia Rappe and Arbuckle, according to the police comparison, he said.

Arbuckle's attitude bordered on the jovial throughout the day. Mrs. Minta Durfee Arbuckle, his wife, wept at times.

## WOULD SHIFT STILLMAN HEARINGS TO CANADA

White Plains, Nov. 22.—An effort to shift the Stillman divorce hearings to Canada will be made in Poughkeepsie next Saturday.

This became known today, when John E. Mack, guardian of Guy Stillman, whose paternity has been attacked by James A. Stillman, New York banker, arrived here to confer with Counselor Mrs. Anne U. Stillman, defendant.

Mrs. Stillman's counsel will apply to Supreme Court Justice Morschauer for a commission to examine witnesses in Montreal, Three Rivers and other places across the border. Mr. Mack will join in the motion.

Mr. Mack announced that while the Canadian testimony was being taken, hearings would be continued next week before Referee Daniel J. Gleason in Poughkeepsie.

Harding foregoes football. Washington, Nov. 22.—President Harding will be unable to attend the Army-Navy football game in New York Saturday. The demands made upon him by the armament conference are too great, it was said today, to allow him to leave Washington over the week-end.

## Five Rail Officials Die When Truck Car Overturns

Phoenix, Ariz., Nov. 22.—W. H. Oliver of Los Angeles, engineer of the Grand division of the Atchafalaya, Tonopah & Santa Fe railway, assistant to the chief engineer of the coast lines on that road, and four division officers of that railway, were killed today when a motor inspection car overturned three miles north of Wickenburg, Ariz., 40 miles northwest of here.

In addition to those killed, several persons were injured, some of them seriously.

The others dead are: William Mathews, chief engineer of the coast lines, assistant division superintendent, William Bowman, roadmaster, of Wickenburg, and J. A. Jester of Prescott, an assistant division engineer.

## INTERBORO RAPID TRANSIT REVEALED NEARLY INSOLVENT

State Commission Calls Directors of Company Before It to Explain How Large Dividends Have Been Maintained

New York, Nov. 22.—Directors of the Interborough Rapid Transit company will be invited to testify before the State Transit commission regarding dividends of \$7,875,000 authorized by them in 1918 and 1919. The distribution of the capital of the company, in the commissions opinion, if millions of dollars worth of alleged stocks and uncollectable bills held by the Interborough had been taken into consideration at their true value.

Leading up to the commission's decision tonight to call in the directors—among them August Belmont, Cornelius Vanderbilt, Edward J. Bernheim and Thomas Delwitt Chrysler—was testimony that all but \$2,244,000 of the company's net income between 1902 and 1919 went into dividends. The net income was about \$67,367,000 and the dividends \$65,823,000. In addition, \$75,000,000 of the gross income went to stockholders of the Manhattan Railway company, a subsidiary elevated line under a seven per cent annual dividend guarantee in the 999-year lease signed by the Interborough.

Charles J. Shearn, commission counsel, questioned whether instead of having a surplus of \$2,244,000, the Interborough did not actually have a deficit of nearly \$12,000,000. Such a deficit would have been shown on the books, he said, if there had been taken into account worthless stocks in associated lines and uncollectable bills and charges to the amortization of \$16,000,000 paid for a 49-year contract and lease of the original subway. Nothing had even been written off this loss, although the Interborough auditor, Edward F. J. Gaylor, conceded it a "probability" that the property depreciated each year and eventually would have no value.

It was also brought out that the Interborough's books carry as unqualified assets \$6,000,000 in unpaid and now uncollectable accounts against the New York and Queens county railways, which operate surface trolley lines. Mr. Gaylor denied the railways was insolvent.

Mr. Gaylor agreed that if the subway lease item had been amortized proportionately each year and \$8,700,000 in "worthless stocks and state debts" had been written off, no dividends could have been declared in 1918 and 1919.

Serious questions had been raised, Chairman George McAneny said, as to the practical result of the inter-company relationships of the sort the commission seeks to eliminate. The evidence pointed to the advantage of public control as suggested under the commission's plan for rehabilitation of local transit systems as distinguished from "irresponsible private control," he said.

## ALBANY CARMEN FOLLOW ACTION OF TROY LOCAL

Albany, Nov. 22.—Former employees of the United Traction company, who struck last January 28 because of a 25 per cent reduction in wages, tonight voted to terminate the strike. The vote was 91 to 65. Approximately 700 men in the Albany local struck in sympathy. Similar action was taken by the Troy members of the union last night.

The United Traction company for several months has been operating its lines with cars with non-union crews and at a reduced wage scale.

## AMERICANS CAPTURED BY BANDITS ARE RELEASED

Washington, Nov. 22.—Four Americans were captured last yesterday by Mexican bandits at Santa Eulalia, 22 miles from Chihuahua, the state department was advised today.

The men were brought to the state of Colorado and released at the end of a four hour period when no ransom was forthcoming.

NOTED DENTIST-SURGEON DIES. New York, Nov. 22.—Dr. Edward Augustus Bogue, 33 years old, internationally known dentist and surgeon, died at his home today, following an attack of pneumonia.

Bogue was a graduate of the Syracuse Dental college and of the medical college of Castleton, Vt. He began his practice in Chicago during the Civil war. He was a member of several odontological societies in Great Britain and the United States and was also a well-known author.

## ATHLETIC UNION ANNOUNCES AWARDS

Metropolitan Association Carries Off Track-Field Meets, New England the Boxing

Chicago, Nov. 22.—The senior and junior track and field meets, relays and country runs of the National Amateur Athletic union were awarded to the Metropolitan association of New York today.

The New England A. A. U. was awarded the boxing and wrestling championship matches and the indoor swimming, water polo, relays and track pentathlon were given to New York.

Four women's records held by Charles W. Padlock, the California dash man, were recognized as official by the convention. Padlock holds a record of nine and three-fifths seconds for the 220-yard dash, and 20 1-5 for the 300-yard dash, and the 1-5 record for the 500-meter run at 51 1-5.

An application for the reinstatement of Arthur Duff, a former sprinter of 20 years ago, when he held the world's 100-yard dash record of 9 3-5, was rejected and the application returned for re-statement. Duff was expelled about 15 years ago on a charge of professionalism.

William C. Prout of the Boston Athletic association was elected president of the A. A. U., succeeding R. S. Weaver of San Francisco.

## LEONARD DEFEATS SAILOR FREEDMAN

Chicago Boy Puts Up Good Fight, However; Rocky Kansas Outpunches Mendelssohn

Philadelphia, Nov. 22.—Heavy Leonard, lightweight boxing champion of the world, outpointed Sailor Freedman of Chicago in an eight-round decision bout tonight. Both men limited the ring over the light-weight limit and the championship was not at stake.

The Chicagoan was game and took the offensive in many rounds. Leonard, the better boxer, withstood his assaults and found that he must pile enough points to win a popular victory. Freedman staggered the champion several times with hard punches to the head, while Leonard smiled and gave three or more blows in return.

The champion did most of his fighting in the early and middle rounds and at one time appeared to have his opponent in a weakened condition. In the eighth round, they met in the center of the ring and there carried on a slug fest in which Leonard delivered the stronger punches. Nathan Lewis, Freedman's manager, and after the bout that Freedman felt by showing tonight that he deserved to be given a chance at the title at the heavyweight limit in a 15-round decision bout. Newspapers at the ringside praised Freedman's effort against the champion.

Rocky Kansas Gets Decision. Milwaukee, Wis., Nov. 22.—Rocky Kansas of Buffalo tonight was given the newspaper decision over Johnny Mendelssohn of Milwaukee in a ten-round bout which went the limit. Neither boxer appeared to be in distress at any time. Kansas was out-pointed in the early rounds, while the Milwaukee boy held Rocky even in the other periods. Mendelssohn's best round was in the sixth in which he had a decided advantage.

TRANSFER TAX SET ASIDE. Albany, Nov. 22.—Intention of a transfer tax upon the estate of Edwin Harbeck by the state of Colorado was set aside by the court of appeals in a decision handed down today.

Harbeck left Colorado more than a year ago for France, but died in New York city prior to the date on which his scanner was to sail. After his death, the state of Colorado imposed a transfer tax on his estate, and the New York trial court set it aside. The appellate division, however, upheld the western state and the heirs of the estate carried the case on appeal to the high court, which today reversed the judgment of the appellate division and sustained the ruling of the lower court.

## BURCH'S TRIAL BEGINS

Los Angeles, Nov. 22.—The trial of Arthur C. Burch, indicted on a charge of murder of J. Bolton Kennedy, began today in the superior court of that city to try Mrs. Madeline Burch, who is charged with the murder of Kennedy. Burch's co-defendant had been indicted. Drawing of a jury started at once. Mrs. Burch's case was continued until tomorrow which attorney's said meant it would be continued from day to day, to follow the Burch trial.

## FOR POSTAL SAVINGS

Washington, Nov. 22.—Favorable report of the bill increasing the interest rate on postal savings from two to three per cent was ordered today by the house postoffice committee.

## NINE DEAD IN BELFAST RIOTS

Bombs Explode in Tramcar Full of Shipyard Workers, Killing Three, Injuring 18

### FIRING CONTINUES

Constable Shot in Eye and Seriously Hurt; Ballymacarett District Aflame

By The Associated Press. Belfast, Nov. 22.—Two bombs were exploded in a tramcar full of shipyard workers this afternoon, killing three of the occupants and injuring 18 others.

Shortly after the attack, two more bombs were thrown among a crowd watching a race and 12 additional persons were injured.

The deaths of three persons inside the tramcar were due to gas fumes. The total number of deaths during the disorders of yesterday and today is nine.

The attack on the tramcar took place in Corporation street, as shipyard workers were returning from their day's work. With the cessation of work at the big shipyards and warehouses at 5:20 o'clock this afternoon, fighting began in the Ballymacarett district. Lorry loads of police and military were rushed to the scene to protect the workers, whose movements they blanketed. They were successful in their maneuvers until the tramcar was bombed.

A bomb was thrown from among a crowd of men, the car was parked, even the steps being loaded with passengers. The force of the explosion blew out a portion of the side of the car.

Uninjured Desert Wounded. A scene of indescribable confusion followed. The men who threw the bombs fled and the uninjured workers ran away, panic stricken, without waiting to help their wounded comrades, whose cries were audible from outside the car.

Finally, when the confusion had ceased somewhat, the injured and dead were taken from the debris and laid on the footpath along the tramway line. There the injured were cared for by ambulance surgeons who hastened to the scene, while large bodies of police cordoned the vicinity.

Tramway service was entirely suspended in the district around the York street tramway. The girl operatives left the factory through a hole made in the wall in the street on the occasion of the last rioting on the occasion of the last rioting in the district.

There was shooting during the day near the labor exchange, where one of the clerks was killed outright and another man so badly wounded that he died later. The remainder of the staff of the exchange fled in panic.

During the afternoon, a constable was shot in the eye in North Queen street and seriously injured. Late tonight, two men entered a house in Pottinger street, in the east end of Belfast, and shot and killed a householder by the name of Malone.

## FINAL VOTE ON TAX BILL THIS AFTERNOON

Immediately Upon Passage by Senate, It Will Be Sent to the President

Washington, Nov. 22.—A final vote on the tax revision bill will be taken by the senate at not later than 5 p. m. tomorrow under a unanimous consent agreement entered into today after the measure had been under debate for several hours.

Immediately upon its passage the bill will be sent to the President. The only important section of the law which will be put into force immediately upon its becoming law, however, is that relating to the income tax, the other tax changes going into effect next January 1. The present surtax rates will be continued for this calendar year, the sections going into effect in the next calendar year and being reflected in the actual payments to be made by the taxpayers in 1922.

In laying the conference report before the Senate today, Chairman Penrose, in a formal statement, described the bill as a "temporary makeshift." "The bill," he said, "does not place a tax system on a stable or sound basis. But it is better than the law which it will supersede because of the reduction of the tax burden and the technical or administrative improvement which it effects."

## U. S. SUES FOR \$100,000 IN UNPAID FEDERAL TAXES

New York, Nov. 22.—Suit for \$100,000 in alleged unpaid federal taxes, plus penalties aggregating about 150 per cent of that sum was filed in U. S. district court today against 24 former directors of the seven mining corporations absorbed in 1915 by the Anaconda Copper Mining company.

The complaint filed by Assistant U. S. Attorney Keith Lorenz, alleged the directors failed to report in 1909 on profits of \$9,500, 000, as required by the corporation profits tax law of August 5, 1909.

Defendants include John D. Ryan, William Rockefeller, William C. Rockefeller and Adolph Lewisohn.

## CONTRACTED AND UNCERTAIN DAY

Unimportant Shares of Railway,  
Steel, Oil and Utility Groups  
Dominate the Market

New York Nov. 22.—Unimportant  
shares of the railway steel, oil and  
utility groups were the conspicuous  
features of today's contracted and un-  
certain stock market, taking the place  
of standard issues.

Buying of the junior rails was stimu-  
lated to an extent by the reorganiza-  
tion of the Missouri, Kansas and Tex-  
as railway and was accelerated by un-  
confirmed reports that other roads  
recently under receivership were con-  
templating resumption of dividends.

Missouri Pacific, one of the day's  
most active stocks owed much of its  
prominence to such rumors and  
others of the same class were favored  
by pools and speculative interests be-  
cause of their better earnings.

Independent steels, notably Gulf  
State, which added substantially to its  
gain of the previous day, were sus-  
tained by circumstantial gossip of  
prospective mergers and further ad-  
vances in prices of crude and refined  
products accompanied the accumula-  
tion of bids.

Call money's rise from 5 to 5 1/2 per  
cent in the final hour was made the  
occasion of a selling movement in  
which the tobacco, Anaconda copper,  
United Fruit, Sears-Roebuck and  
Western Union were most affected.

The broad demand for bonds,  
especially underlying railway issues,  
continued, with strength in other do-  
mestic issues and several of the for-  
eign divisions, especially French  
municipals.

### NEGLIGENCE CASE ON TRIAL

Mary Arnold of Walton Seeking to  
Recover Damages from Myron Du-  
bois for Injuries Sustained When  
Hit by Motor Truck.

Delhi, Nov. 22.—Mary Arnold of  
Walton is seeking in the trial of an  
action now in progress before Justice  
Kellogg and a jury in supreme court  
here to recover for personal injuries  
alleged to have sustained when she  
was struck by a motor truck driven  
by Myron Dubois while passing along  
the walk across a driveway leading  
to the rear of the Dubois store in  
the village of Walton.

Practically all of Monday afternoon  
was consumed in securing the jury,  
but the verdict for the plaintiff be-  
lieved to be a foregone conclusion.  
The day today was consumed in presenting  
the evidence for the plaintiff. At 1  
o'clock the plaintiff rested and then  
a motion was made by the attorneys  
for the defendant to dismiss the com-  
plaint as to Calvin Dubois, who was  
made one of the defendants when the  
action was brought. This motion was  
granted by the court.

It is expected that the defendant  
will be able to finish his side of the  
case late on Wednesday and that the  
case will be submitted, after which the  
court will adjourn.

The plaintiff alleges that she was  
knocked down by the truck and sus-  
tained serious injuries which still  
confining her to her home. Her evi-  
dence was taken by a commission appointed  
by the court and her deposition was  
read into the minutes today. Her con-  
tention was supported by her physi-  
cian who testifies that her injuries  
are such as might have been sus-  
tained in the manner alleged.

The case is being vigorously han-  
dled by both sides. W. B. Matternon  
of Syracuse with David F. Leo of Nor-  
wich as counsel is appearing for the  
plaintiff and C. R. & A. L. O'Connor  
of Hobart are appearing for the de-  
fendant.

## CUBS RETAIN THEIR LEAD

Last Week Results in Few Changes to  
Y. M. C. A. Bowling Tour-  
nament.

The C's maintained their lead in  
the Y. M. C. A. bowling tournament  
last week while the Red Sox went in-  
to undisputed possession of second  
place, the Braves, tied for second the  
preceding week, dropping to a tie for  
third with the Giants and Indians.

The standing to Nov. 15 follows:

| Team      | Won | Lost | P.C. |
|-----------|-----|------|------|
| Cubs      | 11  | 4    | .733 |
| Red Sox   | 10  | 5    | .667 |
| Braves    | 9   | 6    | .600 |
| Indians   | 9   | 6    | .600 |
| Giants    | 9   | 6    | .600 |
| Athletics | 8   | 7    | .533 |
| Pirates   | 7   | 8    | .467 |
| Dodgers   | 2   | 12   | .200 |
| Yanks     | 2   | 12   | .143 |

Thomas still leads in individual  
work, having high average, 187, high  
individual total for one game, 237;  
and high individual total for three  
games, 546. The names and averages  
of the 15 highest men follow: Thomas,  
187; Lambros, 181; Vivyan, 180;  
Beckwith, 178; Forner, 176; Babbitt,  
174; McKean, 172; Graves, 172; Lattin,  
171; Motting, 170; Goldsmith, 170;  
Shaw, 166; Skinner, 166; Westcott,  
165; Breese, 165.

The Giants retained their lead in  
high team totals for one and three  
games, 920 and 2585 respectively.

### Cubs Trim Up the Red Sox

The Cubs made a clean sweep at  
the Y. M. C. A. bowling alleys Mon-  
day night, taking all three games  
from the Red Sox. There were no  
high individual one-game scores not a  
200 game being rolled. Dewey  
Thomas had the best total of the  
night, 545. Following are the scores:

|        |             |     |     |     |      |
|--------|-------------|-----|-----|-----|------|
| Cubs   | Quackenbush | 189 | 127 | 144 | 470  |

## Science Discovers Thousands Suffer From Lack of One Vital Element in Their Food--VITAMINES

Unless we have enough of this health  
sustaining vitamin in our diet food we  
are not vigorous and robust—as science  
has proven by the experiments on the  
chickens as shown above. Most of the  
lack of this vital element which is abundant  
in uncooked foods and green leafy ve-  
getables, but usually destroyed in cooking,  
with the result that we do not get enough  
vitamins to give us the strength and en-  
ergy we should have.

DR. CARLY'S MEDIC-YEST TABLETS  
supplied this missing element to the diet  
of the chicken and with the desired result  
shown in the illustration above.

DR. CARLY'S MEDIC-YEST TABLETS  
contain the three important vitamins (Fat  
soluble A and D and water soluble B and C)  
and taken into the system give you strength  
and energy. This builds up the body with  
firm flesh and tissue, strengthens the nerves

and rejuvenates the whole system. DR.  
CARLY'S MEDIC-YEST TABLETS sup-  
ply just what your body needs. If you  
are run down, nervous, anemic, thin and  
suffering from lack of vitamins, and on  
top of that you will find it to your benefit  
to make the following test. First weigh and  
measure yourself, next take two of DR.  
CARLY'S MEDIC-YEST TABLETS after  
each meal. Then weigh and measure your-  
self again each week and continue taking  
DR. CARLY'S MEDIC-YEST TABLETS  
after each meal regularly until you are  
thoroughly satisfied with your gain in  
weight, strength and energy.

DR. CARLY'S MEDIC-YEST TABLETS  
round out the face and figure with firm  
flesh, give color to the cheeks and lift  
brilliantly to the eyes—eliminating pimples  
and blemishes. DR. CARLY'S MEDIC-YEST TABLETS  
are economical and easy to take. By get-  
ting the essential vitamins in their  
concentrated tablets you run no risk of  
overloading the stomach and satisfactory re-  
sults are positively guaranteed. If  
you do not believe this, try them for  
30 days. If you are not satisfied, your  
money will be cheerfully refunded.

Write the name down and accept only  
the genuine DR. CARLY'S MEDIC-YEST TABLETS

**DEATH AT WELLS BRIDGE**

Mrs. Charles Bouck, Respected Resident Expires Saturday

Wells Bridge, Nov. 22.—Mrs. Charles Bouck, daughter of DeWitt and Louise Turck, of Otsego, died Saturday morning at her home in this place. She was 45 years of age and had been ill but a short time. Prior to the past two years Mrs. Bouck and husband had resided on the farm where she was born but ill health and inability to get help for the farm compelled them to move a year ago to this village. She was a consistent member of the Methodist Episcopal church and a woman of kindly heart and genial disposition. She will be greatly missed by all who knew her. The funeral services were held on Monday, Nov. 22, at 2 o'clock, at the home of Mrs. Bouck. She is survived by her husband, two daughters, Mrs. Louise Merriman and Mrs. Ruth Bouck, and by one sister, Mrs. W. H. Sisson.

**Church Residence Burns.**  
On Wednesday evening last at about 11 o'clock, the house of Mrs. Melissa Church, located on a farm at this place, was found to be on fire and it was burned to the ground, with all its contents. There was insurance on the house, owned by William Kowalski, to whom the property reverts on the death of Mrs. Church, but none on the contents, which belonged to Mrs. Church. The fire leaves the latter practically destitute. It is believed that the fire started from a pan of ashes, which she had set out on the steps the previous night, and which had probably been fanned by the winds to a blaze.

**Sunday Visitors.**  
Emmet Root of Chadula was in town over Sunday.—Mr. and Mrs. John Youmans and Mr. and Mrs. Glen Youmans were in Bainbridge last Sunday.—Mr. and Mrs. Fred Cornell of Masonville, with their son, Louis Cornell, visited at S. TEX RICKARD PRESENTS  
**DEMPSEY-CARPENTIER CONTEST**

These Pictures Can Be Shown Every Man, Woman and Child, with perfect safety, and with this idea in mind we have arranged this Big, Double Program at such Small Prices.

The Dempsey-Carpentier attraction is not merely a "fight film." It is, in every sense of the word, a tremendous human drama, a drama of real, pulsating twentieth century life, with the broadest kind of appeal to every class and condition of humanity. That this is so was demonstrated conclusively by the complex nature of the vast and singular orderly crowd that eagerly paid from \$5.00 to \$50.00 to play a small part in what must be ranked as one of the very greatest motion pictures ever filmed. 20,000 Women Present. And the Ladies—God bless them!—they were there in force. About thirty thousand, or one-third of the crowd, were represented by the fair sex, including Mrs. Kermit Roosevelt, Mrs. Vincent Astor and many other notable society leaders.

### LOSS ADJUSTED AT \$14,191

Damages Sustained by Fire at Chest-  
nut Street School Fixed at Above  
Amount — Work Repairing Building  
Soon to Commence.

Late last evening an adjustment  
was reached between the board of  
education and the representatives of  
the fire insurance companies, and the  
city will receive the sum of \$14,191,  
with which to repair the Chestnut  
street school and replace the equip-  
ment destroyed by the fire of Sun-  
day morning last.

Henry Saunders, chairman of the  
board of education, last evening  
after the adjustment had been made,  
stated that the board plans to com-  
mence work repairing the structure  
at the earliest possible moment in  
order that the number of weeks  
when the students are compelled to  
be on part time may be kept to the  
lowest possible minimum. There has  
been a meeting of the board called  
for this afternoon, at which time it  
is not improbable that steps will be  
taken looking to the commencement  
of the repair work. It is believed  
that six weeks should see the build-  
ing nearly if not quite ready for oc-  
cupancy.

The wisdom of the board of edu-  
cation in having the school buildings  
appraised and the insurance in-  
creased is to be commended. The prompt  
action of the local fire insurance agents  
in urging haste and the co-operation  
of the companies in sending adjust-  
ers at once, and also men disposed  
to pay the loss when determined, is  
to be commended also.

### Thanksgiving in Oneonta Schools.

The Oneonta State Normal school  
closed yesterday afternoon and many  
of the students and several of the  
faculty left on afternoon and evening  
trains yesterday for their homes,  
where they will spend the next few  
days. Many of the other students not  
residing in Oneonta will leave today,  
though a limited number will remain  
in the city for the holiday. The  
grades of the Normal closed at noon  
today, and will reopen on Monday  
next. The Normal department will  
open on Tuesday.

The program at the Center street  
school was carried out in full as an-  
nounced in The Star of yesterday.  
There was a good attendance of par-  
ents and all taking part in the pro-  
gram entered fully into the spirit of  
the occasion.

The public schools in all depart-  
ments close at noon today. At the  
Academy street school there will be  
a special Thanksgiving assembly at  
11 o'clock, at which there will be  
songs and recitations appropriate to  
the impending holiday. The public  
schools will open on Monday morn-  
ing.

### BELLINARDINE LOCATED

Fast Pacer of S. G. Camp, Thought to  
Have Been Stolen From Car While  
In Transit, Now Believed to Have  
Jumped From Car While in Erie  
Railroad Yard in Binghamton.

Bellinardine, the fast pacer of S. G.  
Camp, arrived in the city last night  
after a trying experience in the city of  
Binghamton, which will not improb-  
ably result in the Erie railroad being  
asked to settle for the damages re-  
sulting.

The fast mare had been in Cheater,  
near Goshen, for breeding purposes  
and when the D. & E. car inspectors  
in Binghamton were examining the  
car in which she had been shipped,  
prior to accepting it from the Erie,  
they discovered that the horse was not  
in the car. It was at first assumed  
that the animal had been stolen from  
the car and an alarm was sent out  
last Saturday afternoon. The search  
over the door which had been left  
ajar to give the animal air, had been  
replaced after apparently being off  
while the seal was still upon the other  
door.

While the Binghamton police de-  
partment was engaged in looking after  
possible clues acting on the theory  
of theft, report came that a horse  
had been found Sunday morning in  
the yard of a resident about two miles  
out and had been placed in the barn  
to await a claimant. Investigation  
disclosed that the animal found was  
the missing race horse.

At first there was disposition to dis-  
claim responsibility on the part of  
both railroads with refusal to act but  
late yesterday afternoon after some  
exchange of rather pointed messages  
word was received by Mr. Crockett of  
the D. & E. freight office here that the  
mare had been shipped and would  
probably arrive here about 11 o'clock  
last night.

Mr. Camp refused to accept her as  
in good order, she having sustained  
severe bruises and been out in the  
terrible rain storm of Saturday night. He  
accordingly arranged that Dr. Brand  
should receive the animal and care for  
her at his stables until it can be as-  
certained whether she has been per-  
manently injured or not.

Witnesses were found who saw a  
horse, presumably Bellinardine, wan-  
dering up Chenango street Saturday  
night at about 5 o'clock. She turned  
up Sunday morning in the yard of a  
resident about two miles out and north  
of the state hospital grounds.

It is now believed that in switching  
about the Erie yards that the mare  
became freed and the door opened  
and that she then leaped from the  
car and made her way in safety out of  
the railroad yards and to the place  
where she was found. The story  
sounds quite improbable but it proves  
again that truth is often stranger than  
fiction.

### HIGH IN PROGRESSIVENESS

Oneonta Has Place Among One Hun-  
dred Communities in the Country  
Whose Chambers of Commerce  
Have Performed a Notable Accom-  
plishment This Year.

Oneonta has the distinction of be-  
ing one of the one hundred communi-  
ties in the United States whose Cham-  
bers of Commerce have performed a  
notable achievement during this year,  
according to a booklet recently issued  
by the National Association of Com-  
mercial Organization secretaries. The  
booklet, which is entitled, "A Hundred  
Milestones of Commercial Organiza-  
tion Progress," is the story of one dis-  
tinctive achievement in each of a  
hundred American communities dur-  
ing the past year and describes, as  
Oneonta's contribution, the West  
Room, instituted this fall by a com-  
mittee of citizens under the sponsor-  
ship of the Chamber of Commerce.

The booklet describes the West  
Room in detail and regards it as a  
unique and worthy contribution to  
the progress of the community. The  
city can well feel proud of the fact  
that its Chamber of Commerce has ac-  
complished a result worthy of men-  
tion above and done by similar orga-  
nizations in thousands of communities  
in the country.

### THANKSGIVING FOR SIX

Estimates for Liberal Holiday Dinner  
for Family of Six Dozen—As  
Vendors are Priced in Oneonta.

In these days of high prices—not  
so high as a year ago it is true, but  
still high enough—it is interesting to  
know that a real Thanksgiving din-  
ner, turkey and everything, can be  
prepared for a family of six for not  
to exceed \$1.30 a person. This esti-  
mate, of course, covers only actual  
cost of materials, no endeavor being  
made to compute cost of labor or fuel.

The following menu has been se-  
lected as providing a substantial meal  
containing every time-honored  
Thanksgiving dinner accessory.

Oyster Cocktail  
Celery Tomato soup  
Roast turkey with dressing  
Mashed Potatoes Creamed Onions  
Cabbage salad Cranberry sauce  
Pumpkin or Mince pie  
Assorted nuts Coffee Fruit

A seven pound turkey should suffice  
for six diners. With turkey at 55c a  
pound, this item would cost \$3.85. The  
dressing should not cost over 15c to  
prepare. With oysters at 80c a quart,  
the cocktail would cost 45c, a pint of  
oysters being a sufficient quantity. Two  
cans of soup at 20c and a quart of  
milk at 15c would make the tomato  
soup cost 35c. Other items follow:  
bunch of celery, 15c; bottle of olives,  
15c; potatoes, 10c; head of cabbage,  
9c; pound of onions, 10c; half pound  
of nuts, 18c; 6 oranges, 30c; grapes,  
40c; coffee, 10c; cream, 25c; 1 pound  
of cranberries, 25c; 1 loaf of bread,  
15c; 1 pound of butter, 51c; 1 pie, 25c.  
No mention is made of such items  
as cocktail sauce, home made salad  
dressing, seasoning, salt, sugar, etc.,  
but their cost would not increase the  
price per person when it is considered  
that there would undoubtedly be  
enough food left over to provide  
another meal.

Undoubtedly many families will  
have a much more pretentious layout  
than the above, but the dinner out-  
lined is a substantial one and should  
suffice anyone. Its price, \$1.30 per  
person, can be materially reduced by  
the substitution of chicken for turkey.  
A five pound chicken at 35c per pound  
would cost only \$1.75, which would  
top off \$2.10 for its poultry cost, the  
other items might also be considerably  
pared. With the chicken for turkey  
substitution alone, the cost would be  
95 cents per person.

### MARSH DRUG STORE SOLD

Widely Known Business Purchased by  
Henry C. Sherman, For Years a  
Resident of the City—Will Continue  
to be Known By Its Old Title—  
Possession to be Given Soon.

Marsh's Drug store on the corner of  
Main and Chestnut streets, one of the  
oldest stores of its kind in the city,  
has been sold by Dr. C. R. Marsh, the  
proprietor, to Henry C. Sherman, it  
has been announced by the parties  
concerned. Possession will be given  
as soon as the inventory, now in pro-  
gress, has been completed.

The Marsh store is one of the old-  
est drug establishments in the city  
and has long been a landmark in the  
business section. Founded over 30  
years ago by the late Thomas E.  
Marsh, the business was conducted  
for three years in the Windsor Hotel  
block, moving to its present location  
in the Baird block when that structure  
was built, in about 1892. When Mr.  
Marsh died in 1914, his son, Dr.  
Charles E. Marsh, took over the busi-  
ness and has since conducted it.

Mr. Sherman, the new proprietor,  
is well-known in Oneonta where he  
has spent a good share of his life and  
is a young man well qualified to con-  
duct a first class drug business. After  
graduating from the Oneonta High  
school, in 1909, he entered the Albany  
College of Pharmacy and upon the  
successful completion of the course  
there, entered the drug store of  
George S. Stude, where he was em-  
ployed as a prescription clerk for 9  
years. On March 1st, of this year, he  
went to Cornell to assume the man-  
agement of the Miller-Strong drug  
store, which position he held until  
his resignation last week. Mr. Sher-  
man has many friends in this city who  
know that with the technical knowl-  
edge and experience that he posses-  
ses he cannot but make a success  
of his new

The store will continue to be known  
as the Marsh's Drug store, a tribute to  
the reputation which it bears in the  
city and vicinity. Mr. Sherman an-  
nounces that he will make no change  
in the policy of the store but will  
continue to give the same reliable,  
up-to-date service as did his predeces-  
sor.

### FINE PRESENTATION

High School Dramatic Club Delights  
at High School Last Evening With  
Presentation of Playlet, "The  
Neighbors."

The Dramatic club of the Oneonta  
High school presented Zona Gale's  
amusing playlet, "The Neighbors," to  
a fair sized and intensely apprecia-  
tive audience at the High school last  
evening, the same general satisfac-  
tion resulting as was expressed after  
the production of the same play last  
week before the Dairymen's conven-  
tion. The players did ample justice  
to the clever little skit, which in-  
volves some character acting of a  
rather pretentious quality.

The same cast that appeared last  
week was on the boards last even-  
ing, every member acting his or her  
part in a manner that brought de-  
served applause. Much credit is due  
Miss Cowan, who directed the pro-  
duction, and the players themselves.  
Last evening's performance was for  
the benefit of the Dramatic club.

### Thanksgiving at St. James.

There will be two services at St.  
James' church on Thanksgiving day;  
Holy communion at 8 o'clock and  
morning prayer and sermon at ten.  
Please note the second service will be  
at 10 a. m., instead of 10:30, which is  
the usual hour.

We haven't room here to tell you  
of all the nice things we have, but  
we can furnish all your Thanksgiving  
dinner things but the turkey. Fini-

## BAPTIST MINISTERS MEET

Bi-Monthly Conference of Pastors of Oneonta and Vicinity Held in This City Monday.

A gratifying attendance and a most interesting and instructive program marked the bi-monthly conference of Baptist ministers of Oneonta and vicinity held in this city Monday. The morning session, held at the First Baptist church, was devoted to the hearing and discussing of reports from the fields represented at the conference. The reports were very interesting and encouraging, showing that very satisfactory work has been done in the parishes in the district during the past year.

Dinner was served at noon to the visitors at the West End Baptist church by the ladies of that congregation, following which the afternoon session was held, the principal feature being an excellent address by Rev. Hanson Parsons, minister at Franklin and North Franklin, and well known in this city. Mr. Parsons outlined a series of sermons which he is preaching to his congregation, emphasizing the point that the close study of the word of God and a presentation of that study will be of interest to the people.

Those present at the conference were: Rev. Dr. E. J. Farley and Rev. N. S. Burd, Oneonta; Rev. Leroy Halbert, Cooperstown; Rev. W. W. Ward, Milford Center; Rev. K. R. Feagles, Schenectady; Rev. H. C. Myers, Otisco; Rev. E. J. Griswold, Unadilla; Rev. Mr. Herdick, Sidney; Rev. Dr. D. E. Woodward, Edinboro; Rev. Dr. M. C. Miner and Rev. Fred King, West Oneonta; Rev. Harlow Parsons, Franklin and North Franklin; Mr. Bush, Hackensack, N. J.; Rev. Otis Dike of Meredith.

The next meeting of the conference will be held at the First Baptist church in this city the third Monday in January.

## OBITUARY.

Mrs. Hannah M. Houck.

The death of Mrs. Hannah M. Houck, whose demise was briefly noted in The Star of Tuesday, occurred at 10:26 Monday night at the home of her daughter, Mrs. H. L. Edmunds, 169 Main street, in this city.

Her illness which was of about three months duration, dated from two shocks such as in August last she suffered. She was taken to the Memorial hospital for treatment and after a little time amputation of one leg was found to be necessary. She rallied well after the operation and had so fully recovered that she was taken two weeks ago to the home of the daughter above named.

On Saturday last she suffered a third shock from which she never rallied, dying as above stated.

The funeral services will be held at 109 Main street on Thursday at 2 p. m. Dr. Charles S. Pendleton of the Main street Baptist church will officiate and burial will be beside of her husband in the Plains cemetery.

Mrs. Houck was born in Davenport, April 12, 1856, and was a daughter of John and Ruth (Alger) Schemmhorn. She was twice married, her first husband being Richard Overholt, a D. and H. trainman, who was killed many years since in an accident at Attamont. Her second husband was J. W. Houck, to whom she was married 34 years ago. Practically all her adult life, save for about six years at Toddsville, was spent in Oneonta. Mr. Houck died in this city about two years ago. She was a member of the Baptist church at Hartwick, which she joined during her residence at Toddsville. She was a loving mother, a kind friend and neighbor, always considerate of the welfare of others and during her long illness, patient and uncomplaining, almost beyond belief.

The surviving members of her immediate family are her three children, John L. Houck, Mrs. Harry L. Edmunds and Harry L. Houck; two sisters, Mrs. Charissa Winn and Mrs. Martha Graves, and a brother, Jerome Schemmhorn, all of Oneonta. To the bereaved family heartfelt sympathy will be extended in their loss.

This great array of Furs is brought to our store for these two days by a representative of the Fur manufacturing firm of Wells-Treister Co., 141 West 36th street, New York.

There will be on exhibiton and sale during the two two days, the entire line of Fur Coats and Small Furs made by this well known firm.

The showing includes all the best models of the season in the most wanted furs. The Coats are exceptionally well made and splendidly trimmed. The prices are very modest and represent a 25 per cent saving over what you will pay for similar coats two months later and are fully 100 per cent under last year's prices.

The bringing of this great stock to our store gives our patrons the privilege of selecting the same styles, the same furs, at the same prices as if a personal trip was made to the big city.

REMEMBER—These Furs will be on display for Two Days Only

Monday & Tuesday  
Nov. 28 and 29

The collection of Fur Coats, Wraps, Sets and Separate Pieces is the finest ever shown in Oneonta. This presents an opportunity to the ladies of Oneonta to secure the newest modes at great price concessions, which will not prevail later during the season.

REMEMBER—These Furs will Be On Display for Two Days Only

Monday & Tuesday  
Nov. 28 and 29

This season finds the world's best and most luxurious Furs reduced to almost one-half of the retail prices prevailing last season. This does not mean a lower standard in quality, but in many cases they are Furs of much better quality than in years past.

### WEST END NEWS BUDGET

Mr. and Mrs. McCall Surprised on Wedding Anniversary—Baugh Brings Home Buck—Thanksgiving Service.

About 20 relatives of Mr. and Mrs. William McCall, well-known residents of West End, made them a surprise visit Friday evening, the occasion being the thirtieth wedding anniversary of the couple. Mr. and Mrs. McCall had no advance knowledge of the party, but were equal to the occasion and a merry evening ensued. Social intercourse and music were enjoyed by all, and later delicious refreshments brought about by the guests, were served. Before departing, all wished Mr. and Mrs. McCall many more years of happy wedded life.

Mr. and Mrs. McCall, in behalf of the relatives, presented Mr. and Mrs. McCall with a sum of money as a token of esteem. Mrs. C. J. Jenks presented Mrs. McCall with a beautiful bouquet of chrysanthemums.

**This Hunting Party Was Lucky**  
Thomas G. Baugh of 378 Chestnut street, who for the past two weeks had been a member of a hunting party at Long Lake in the Adirondacks, returned home with a 130-pound buck which is being enjoyed by a number of his West End friends. The head had six prongs. There were six men in the party, all with the exception of Mr. Baugh from Norwich, and all but one brought down a buck, which is "going some."

**Thanksgiving Service at Elm Park**  
The Loyal Workers of the Elm Park Methodist church are arranging a special Thanksgiving service to be held at the church Thursday evening. There will be music and readings appropriate to the occasion and Rev. J. C. Johnson, the pastor, will preach a Thanksgiving sermon. All are invited.

**Death of Mrs. Cora Andrus**  
Mr. and Mrs. Vernon Andrus of 210 Chestnut street have returned from Roxbury, to which place they were called by the sudden death of his mother, Mrs. Cora Andrus, who was a victim of heart trouble. Mrs. Andrus, who was 52 years of age, had frequently visited in Oneonta, where she had many relatives and friends, all of whom learn with regret of her passing.

**Local Brevities**  
Mr. and Mrs. Orson Hunsford and two children, of Wells Bridge, spent Sunday with Mr. and Mrs. Elmer C. Allen, 378½ Chestnut street.

Morris Truett of Johnson City was the week-end guest of his son, Fred Truett, 305 Chestnut street.

Mrs. William Webb of Cortland is spending a few days with Mrs. F. M. Strong, Harrison avenue.

Mrs. Fanny Jenks and Miss Lillian DeWalt of Meredith spent the week-end with Mrs. C. J. Jenk, 10 Murdoch avenue.

Mrs. Emma Allen of 378½ Chestnut street is visiting her sister, Mrs. S. J. Scrambling, in Treadwell, for a few days.

L. L. Brown, who has returned the Mrs. T. G. Baugh, has been home. A merry company of young people were entertained over the week-end by Mr. and Mrs. Earl Moffat at their home on the Plains. The party was made up of Miss Ruth Vandervoort and Miss Arnold, teachers in the public schools of Endicott, and John Vandervoort, George Burrows and James Hurd, all students at Cornell university.

**Candy Demonstration Pleases**  
There was an unusually large attendance at the meeting of the Plains Home Bureau held yesterday afternoon in the Plains church. Mrs. Chester A. Miller gave a demonstration on candy making which was much appreciated by the ladies, the demonstrators making some very tempting sweets. The ladies were unanimous in the opinion that the meeting was the best held in several weeks.

**IMPURE BLOOD  
DRAGS ON NERVES**  
A Course in Gude's  
Pepto-Mangan Makes  
Blood Rich and Red

When blood acts thin and watery, clogged with waste matter, as it does when over-exercised and strained nerves exhaust, there is a drag on the nerves. The body becomes feeble because there are not enough red blood cells carrying oxygen to all parts of the body. The power of endurance is lost and the slightest exertion causes the nerves to tire and the body is trembling. Nothing seems to be right. Everything and everybody is really tired, but the trouble is with the blood. One of the things people who take Pepto-Mangan notice—after a short course, three times a day, steadily taking the liquid of the tablets—is the certain, if gradual, return to normal. Sleep refreshes and restores the system. Days are no longer that is normal, healthy blood doing its work. Get Gude's Pepto-Mangan at your druggist. Look for the name "Gude's Pepto-Mangan" on the package. Adv. 14

### SMASHED WORLD'S RECORD

Apperson Anniversary Flight Makes 86½ Miles in One Hour on Los Angeles Speedway—Stock Car Taken from Showroom.

The Apperson Motor Sales company of Oneonta is pleased to publish the wonderful speed and endurance test, which was performed at Los Angeles recently, by one of the Apperson stock cars.

"An Apperson for the second time in two weeks has smashed the world's records for sustained time," stated Editor Apperson, president of Apperson Motor Sales company, Kokomo, Indiana.

The event took place on the Los Angeles speedway under official observation and under all official rules and regulations.

The following telegram from the Apperson branch in Los Angeles, dated September 16, gives the facts of an official test on Los Angeles speedway this morning same Apperson eight stock car which created world's record for 40 hours, made 69 laps of track or 86½ miles in one hour. We believe this record for a car equipped with regular stock body.

"I did not believe it possible," continued Mr. Apperson. "I knew, of course, that the Apperson was equal to almost any speed or endurance test, but 86½ miles per hour for a car equipped with a regular stock body is certainly a world's record that should stand unequalled for some time to come."

The record previous to the above test was also accomplished by an Apperson. Less than two weeks ago it maintained an average speed of 75 miles per hour for 40 hours on the same track. This also was a world's record. The race was official in every sense of the word, for the car was locked by the speedway officials and all records came directly under their supervision.

In the establishment of this new world's record by the Apperson for sustained speed over a period of 40 hours on the Los Angeles speedway, an Apperson Anniversary eight, regular stock model, last week traveled a total of 2,757 miles at an average running speed of over 75 miles an hour or 68.3 miles per hour elapsed time, including all stops for change of drivers, tire changes, gasoline and oil.

Four successive days of daylight running of approximately 10 hours each, constituted the test, which was run under the constant supervision of the Speedway association and two other timers and checkers. At night the car was locked by officials of the speedway and released by them for the start the next morning. The start was signalled by Sheriff Tracer, who also was present at the completion of the final. In order to show that the car was still in excellent condition and capable of continuing the run, the same Apperson was sent around the speedway oval for several laps at an average speed of better than 80 miles per hour.

Several factors contributed to make the test much more severe than had been contemplated in the original plans. In the first place the track was built for racing cars of approximately 100-inch wheel base, while the Apperson Anniversary has a wheel base of 130 inches. Going into the turns at 70 miles an hour or better meant almost 30 per cent additional retarding effect, which even in the lighter and shorter racing cars amounts to nearly seven tons at a point on the 35-degree turns. Then, due to wear and tear on the track from previous races and the warping effect from weather conditions, the board track presented a far from smooth and level surface.

The car itself was an "Apperson Anniversary Eight," picked at random from the floor, last spring as a demonstrator and used in the Camp Curry Economy run of May 5 and 7. Only such changes in its strictly stock equipment as were rendered necessary by conditions at the speedway and for the comfort and safety of the drivers were made in the car.

**Telegraph Hearing Postponed**  
When the order directing the Western Union Telegraph company to show cause why it should not be directed to restore telegraph service along the Utica and Delaware railroad came up for consideration before the Public Service commission in Albany yesterday afternoon, the Western Union requested that the hearing be postponed until Monday, Nov. 23, and the request was granted.

### AUTOMOBILISTS MEET

Secretary Baker of New York State Automobile Association Addresses Cooperstown Automobile Club Monday Evening.

Cooperstown, Nov. 22.—Secretary Baker of the New York State Automobile Association spoke for upwards of an hour Monday evening to an enthusiastic group of Cooperstown automobilists assembled in the dining room of the New Fenimore hotel.

Following the course of a most delightful dinner, interspersed with lively renditions of popular airs by a local orchestra, Mr. Baker was introduced by Chairman Michaels of Cooperstown. Mr. Baker gave an interesting and convincing talk, showing the aims and accomplishments of the association and the growing seriousness of the automobile situation throughout the state.

He cited the million out the auto. He presented and pointed out the appalling death roll of 1,500 from automobile accidents during the past year. The greater part of these, he said, might have been prevented by the carrying of reckless drivers. Compulsory insurance, he added, would not prove any great help in this prevention. He urged the Cooperstown people, men and women, who drive motor cars to become members of the New York State Automobile association.

Already with its 25,000 members of 123 local clubs it has done much to combat legislation detrimental to automobilists and to make motoring safe and sane. The amount paid to the state association by the local club would be only fifty cents out of each three dollars membership fee. Out of this is paid all of the salaries of their officers, besides keeping a body of men ever on the alert for the benefit of the motoring public.

He put forth as a proof of the work of the organization, the fact that during its existence only one law which they opposed was passed. Through their efforts it has been made possible for the state to be covered by only two simple laws—the motor vehicle law and the uniform traffic law.

Following Mr. Baker's remarks, the applications of 53 members were received and a committee composed of five local men was appointed to nominate officers. After the close of the meeting the guests retired to the lobby of the hotel where dancing took place.

## The Supreme Gift

Selecting the usual Christmas gifts—wearables, books, pictures, jewelry—will not trouble you. It is the one distinctive gift—that will make this year's total giving different from last years and those of previous years—that's the task which puzzles you.

Here is a suggestion. Adopt it and the matter will be settled—settled richly and satisfactorily—and your Christmas shopping will have been made easy.

The usual gifts are seldom durable—a few weeks or a few months and their usefulness or their value is gone. Nevertheless we must continue to give them—Christmas wouldn't be Christmas without them. The thing to do is to add the supreme gift!

And you would not be alone in doing it. Thousands and thousands of husbands and fathers in recent years have given this supreme gift. It has become a Christmas Custom, rapidly growing in observance as the years go by.

This describes it:—A document, handed to the wife on Christmas Day, under which she would receive a check for a stated amount each month or her life if you should be taken away. Christmas Day, at home, guaranteed to her and your children as long as she lives—sure shelter for her and them—with the Christmas table and gifts;—sure education for the children; freedom from burden and care; all provided by the husband and father, just as he is doing it now; the supreme gift of this year's Christmas Day!

It would make her happy, would it not?—would be one more indisputable proof of your loving care for her? And what peace of mind you would have in knowing that her future was assured—that every month regularly, a month's provision—which no one could take away—would come to her down to the latest month of the last year of her life.

This is the supreme gift. Can you find a better one to give distinction to this year's list of presents? Decide now and it will not take long to put the contract into your hands. "Do Your Christmas Shopping Early!"—and it will be done with and done well!

## Hear an exact duplicate of this remarkable NEW EDISON and compare!

THE most interesting and important phonograph for the Christmas shopper to hear is Mr. Edison's new instrument.

Its remarkable achievements have created a new standard for phonographs.

On May 25th, 1921, at a recital given in the 2nd Field Artillery Armory, Brooklyn, Gen. Wingate heard the New Edison's RE-CREATION of Miss Helen Clark's voice compared with Miss Clark's original voice. The above is an extract from his letter to Mr. Edison. No other phonograph, in a public test, has ever fooled its listeners into believing they heard the living artist.

We have an exact duplicate of the instrument which amazed General Wingate. It is the only phonograph which has something new to let you hear.

Compare it with other phonographs and talking machines. Come in and hear these comparisons. They're worth while. Come in.
